GARDEN GROWS

Known for one-of-a-kind home and garden oddities, original artwork, sculptural stools, outdoor teak farm tables and vintage reclaimed Elmwood consoles, **Mecox** has opened its first Northern California emporium. Located at First Street Napa, a 325,000-square-foot mixed-used development featuring 45 shops and restaurants, and the 183-room Archer Hotel Napa, the showroom is dotted with hard-to-find pieces such as a wooden campaign trunk dating to the 1860s, an antique Chinese buffet circa 1930 and handmade ceramic lamps by Dallas-based ceramicist Paul Schneider. mecox.com
