"Fortinet is excited to once again welcome our community of partners and customers to another Fortinet Championship event in beautiful Napa Valley, kicking off the start of a new PGA TOUR season," said Fortinet CMO and EVP of Products John Maddison. "The Fortinet Championship brings together the greatest minds in the industry to double down on the most pressing cybersecurity challenges today. A highlight of our partnership with the PGA TOUR through this event will remain how we benefit our community and customers, as well as local non-profit organizations."

Napa Community Involvement

Fortinet and the Fortinet Championship have also increased their focus on the Napa community and community engagement. A new partnership has been formed with *First Street Napa*, the "Official Shopping Destination" of the event in the heart of Downtown Napa, to bring awareness to the event and engage with the local community. The partnership will include player appearances, a putting activation and special events at *First Street Napa* throughout tournament week. All net proceeds shall benefit the Alaina's Voice Foundation.

"Several years ago, the Zapolski Real Estate team envisioned a vibrant destination in downtown Napa for gathering residents and visitors alike to celebrate the unique food, wine, history and culture of our community," said Todd Zapolski, managing member, First Street Napa. "The outcome was First Street Napa. Today, we are very proud to partner with the Fortinet

Championship to connect the PGA TOUR and golf with what we have created that is now a special part of the region.”

Another new partnership is with the Napa Valley Vine Trail to enhance engagement with wineries throughout the Napa Valley. Over twenty wineries have signed on for a new tasting experience on the tournament grounds Thursday to Sunday at the event.

“The Napa Valley Vine Trail Coalition is a grass-roots nonprofit with a vision to build a walking/biking trail system to connect the entire Napa Valley--physically, artistically, and culturally,” said Chuck McMinn, Napa Valley Vine Trail Coalition Founder and Board President. “We are appreciative of the PGA TOUR and Fortinet for their vision and support to help us design, and construct the last 15 miles and accelerate our strategic goal to complete 47 miles of the Vine Trail by 2027. We are excited to provide a Vine Trail Vintners’ Collection to the winner of the Fortinet Championship. The Collection is a once-in-a-lifetime offering from 10 iconic wineries that demonstrates the unique characteristics of the Napa Valley.”

Participating wineries of the Fortinet Championship Vine Trail include, Alpha Omega, Chandon, Chappellet, Clif Family, Crocker Star, Fifty Row Vineyard, Girard, Jackson Family Wines, Robert Foley Vineyards, Rocca, Schramsberg and Davies Vineyards, St. Supery, Trefethen Family Vineyard, Trincherro Family Estates, Vineyard 29, Whitehall Lane, and ZD Wines.

Charitable Giving

Net proceeds from the Fortinet Championship support Bay Area and Napa Valley non-profit organizations that share the Fortinet vision of building an inclusive and diverse workplace that will close the cybersecurity skills gap.

Fortinet has designated proceeds from the Fortinet Championship to benefit nonprofit organizations in the areas of science, technology, engineering, and math (STEM); diversity and inclusion; and reskilling programs, as well as local Napa-area nonprofits. The Fortinet Championship is pleased to pair with the following organizations: Alaina’s Voice Foundation, Cameron Champ Foundation, Eat. Learn. Play. Foundation, Keller Restaurant Relief Fund, Napa Valley Vine Trail Coalition, Queen of the Valley Foundation, WINE WOMEN, and the Travis Air Force Base Reserves.
